

TRouble OF THE MINERS.

ANOTHER EFFORT BEING MADE TO RESUME OPERATIONS.

One of the Big Firms Offer an Advance in Wages But the Miners Refuse to Accept It—Other Miners Resume Work in Many Places—Various Other Labor News.

HARTFORD, Pa., Nov. 30.—A. Pardee & Company have announced their intention to make another effort to resume work at their collieries. The firm states that they will pay \$1.25 per cent. advance in wages, this advance having been made on the basis of the price of coal at tide-water shipping points. The leaders of the strike will advise the men to stand firm and not to accept this proposition, but it is generally believed that many of them will go to work again.

An immense meeting of Knights of Labor was held at Dickinson City last night in behalf of the striking miners of the Lehigh region. A collection was made and a large sum realized.

The miners of Mosler colliery, who have been on a strike, returned to work yesterday, the operators having acceded to their demands. The collieries of Gowan and Darringer, operated by Coxo Bros. & Co., are working with nearly a full force.

Miners to Resume Work.

SCRANTON, Pa., Nov. 30.—The 500 miners who have been on strike at the Dun colliery of John Jermyn & Co., near Scranton, during the past four months, have satisfactorily settled the dispute between themselves and employers and will resume work immediately. The cause of the strike was a sweeping reduction in wages which Jermyn & Co. thought to enforce, but which the miners resisted vigorously. Yesterday the firm agreed to settle the strike by permitting the men to resume work at the old rate of wages.

Switchmen's Strike Imminent.

MEMPHIS, Nov. 30.—A strike of switchmen employed in all the railroad yards in this city is imminent. It is said they have all demanded an increase in wages, and those at the Memphis & Charleston depot have also demanded the discharge of some negroes and their places to be filled by white men. The railroad officials are reticent regarding the proposed strike.

Reduction in the Price of Coal.

PHILADELPHIA, Nov. 30.—The cheering announcement is made by the president of a large coal corporation that within a fortnight, probably within a week, there will be a reduction of \$1 per ton in the price of coal.

Striking Coal Miners.

COSHOCTON, O., Nov. 30.—The miners in all the Coshocton county coal banks are on a strike.

HAILED WITH DELIGHT.

Natives of Samoa Pleased at the Arrival of an American Man-of-War.

SAN FRANCISCO, Cal., Nov. 30.—A correspondent writing from Apia, Samoa, under date of November 7, reports the arrival of the United States war ship Adams at the island on October 19. The correspondent says: It was significant to watch the delighted expressions of the Samoans and hear them say how glad they were. Friendly relations were at once established between the Samoans and American officers, and native dances were given in honor of the visitors. The first meeting of the native legislature under Tomases took place on the 12th of October. The behavior of the natives did not indicate any departure from their position that they do not submit to Tomases, but to the Germans. The proceedings of the parliament were consistent with the German policy. Germans read the law as it was to be, and there was an end of it. No one was allowed to discuss the tax which was announced.

A tax of \$1 per head was announced, with fine and imprisonment if not paid in full now. To get money to pay this tax the Samoans will have to borrow or mortgage their land. The Germans knew this, and they are threatening the natives if they do not mortgage to German traders. On the day before the assembling of the legislature a chief named Tamases was arrested on a charge of theft and put in prison. The real cause of this action was that Tamases had said he was glad there was an American man-of-war coming, and this had been reported to the magistrate, who held him up. Tamases was released from prison by the American consul general, who severely rebuked the magistrate.

SAN ANTONIO, Tex., Nov. 30.—Louis Schilling, the German-American, who is now in Washington with a petition for federal aid in his efforts to obtain reparation from the Mexican government for various wrongs and cruelties he claims to have received from the hands of the Mexican authorities, is pronounced a crank, if not an actual lunatic, by neighbors in western Texas, among whom he says he lived for several years. It appears that Schilling was tried and convicted of lunacy at Fort Davis about a year ago, and was turned over to his brother for safe keeping. His son escaped from his brother and wandered over into Mexico, soon after which he claims to have been robbed and unjustly imprisoned by Mexican officers. His acquaintances here give no credence to the stories of cruelty he is causing to be wired from Washington to northern and western papers.

Three People Scalded.

CINCINNATI, Nov. 30.—Switch engine 372, C. C. & I. railroad, burst a steam pipe at Evendale, near Lockland, at 3 a. m. Martin J. Herron, aged twenty-four years, a brakeman, Conductor Dan O'Day and Engineer James O'Keefe, were in the cab and were seriously burned by the coals and escaping steam. Herron was fatally scalded. He was taken to the City hospital. The engine was wrecked. The flames burst in the fire-box and scattered flames in every direction. Fire communicated to the framework of the cab, but it was extinguished before it made much headway. The engine had been making up trains at Ivorydale and Lockland, and was returning to the city when the accident occurred.

Extending the Limits of Cincinnati. CINCINNATI, Nov. 30.—Charles Reemelin, the attorney, is circulating a petition to merge the city and Hamilton county under local government—practically extending the city limits to the boundaries of the county. The petition has already received the signatures of Mayor Smith and many prominent citizens and will be presented before the next general assembly, which meets in Columbus January next.

EULOGY MONEY.

A Terrific Storm in Plymouth Church, Brooklyn, About It.

BROOKLYN, N. Y., Nov. 30.—This end of Long Island is stirred up over the Parker episode. Sunday, Assistant Pastor Halliday, in his usual announcement from the Plymouth pulpit, did not mention the fact that Dr. Parker had an appointment to preach there next Sunday, fearing that the mention of the English divine's name would be hissed.

Maj. Pond's name has been mixed up in the affair and he states that he agreed to pay Dr. Parker \$700 for the eulogy of Beecher, and did not agree to pay the gross receipts to the monument fund. Dr. Parker does not think \$700 too much, considering his journey of 8,000 miles, and his leaving his pulpit for five weeks, and his preparation of the address. Members of the church, however, assert that Dr. Parker also received \$250 from the publishers' syndicate for the copyright of his eulogy.

Last night Maj. Pond sent the monument fund committee \$1,333.31, the net receipts of the eulogy. The \$700 paid Dr. Parker does not come out of this, it being paid by Mr. Sherman and others, who originally guaranteed Dr. Parker his expenses. Maj. Pond gets nothing for his services.
